4. In the abstract of receipt and charges the available assets are estimated at Rupees 1,13,680, including the balance expected at the beginning of the year.

5. Under the head "Expenditure proposed", the items as per margin are under-rated. The correct figures have been inserted.

6. A provision of Rupees 360 is made for the establishment kept up in the Collector's Office, and the Board's Proceedings, dated 12th July 1869, No. 4,976, is quoted in support thereof. On referring to the Proceedings, it is observed that a Clerk on salary of Rupees 25 a-month was sanctioned, and that the annual cost comes to only Rupees 300, which is accordingly adopted.

7. The allotments for the contingent charges of the Public Works and Revenue Departments are given as Rupees 50 and 10, in lieu of Rupees 200 and 50, the uniform scale fixed by the Board. In the absence of any explanation for the reduced amounts, the Board have raised the two sums to the sanctioned scale.

8. With the foregoing additions, the proposed expenditure amounts to Rupees 1,13,540 which, deducted from the available income of Rupees 1,13,680, leaves a balance of Rupees 140.
