I HAVE the honour to forward, for the approval of the Board, estimates for the four salt-works noted in the margin, to be executed during the current year under the head of "Petty Construction and Repairs," together with longitudinal and cross sections of the proposed channels and of the pond.

2. Do. a new salt-channel in one of the branches of Cortilliar from the mouth of channel No. 1 at Vulloor	7,200	1,425
3. Clearing water-channels at Voyaloor salt-pans...	945	324
4. Deepening and widening a pond near the Salt Superintendent's Cutcherry at Athiput ...	200	230

2. The Board will observe that the aggregate allotment for these works in the current year's Budget is Rupees 15,220, whereas the cost of the estimates now submitted amounts only to Rupees 7,245, thereby effecting a saving of Rupees 7,975. I beg to recommend that this latter sum be kept in "reserve" to meet unforeseen and emergent charges, as no provision has been made in the Budget on that account.

ENCLOSURES Nos. 1 to 4.—Estimates.

ENCLOSURES Nos. 5 to 7.—Plans.

THE estimate, amounting to Rupees 5,266, for excavating a salt-channel from No. 5 to 9 at Vulloor will be submitted for the sanction of Government.

2. The Board sanction the other three estimates received with the above letter, amounting in the aggregate to Rupees 1,979.

3. The total allotment made for these works in the list of Petty Construction and Repairs for 1870-71 is Rupees 15,220, but the aggregate amount of the several estimates now received is Rupees 7,245, representing a saving of Rupees 7,975. This will be retained as a reserve as proposed in paragraph 2 of the Collector's letter.
