

*Proceedings of the Madras Government, Revenue Department,
21st October 1870.*

No. 220. Read the following Proceedings of the Board of Revenue, dated 12th October 1870.

Read the following letters:—

From the Collector of Madura, to the Acting Secretary to the Board of Revenue, dated Madura, 20th September 1870, No. 274.

I HAVE the honour to submit my Local Fund Budget (with three enclosures) for the ensuing official year 1871-72 with the district map.

The Map will be sent shortly on its receipt from the Superintending Engineer.

2. Except in the instance noted in the margin, I have made no allotment for any original work, or for maintenance of roads other than those entered in the current year's Budget. The available funds have been chiefly appropriated towards the completion of those already commenced. The sums required to finish the roads Nos. 1 and 2 are provided for, but with regard to the other roads the allotments were proposed with reference to the importance of each and to the state of the funds.

Road between Palani and Dorapuram, Rupees 5,000.

3. I have entered Rupees 190 for contingent charges in the Revenue Department, instead of Rupees 50 as allowed by the Board for the current year, because the latter sum is insufficient to meet the Saderwarid[†] charges of the Toll Establishment at Andiputty Pass and other contingencies.

At Rupees 5 per mensem, Rupees 60.

4. The special Budget of expenditure from the Jungle Conservancy Fund in the new form could not be prepared at present; the detailed information required to fill up the statement having not yet arrived from the divisional officers who were called upon to furnish it.

From the Collector of Madura, to the Acting Secretary to the Board of Revenue, dated Madura, 29th September 1870, No. 285.

As promised in my letter, No. 274, dated 20th instant, I have the honour to forward the district Map duly corrected up to date.

THE Road Fund Budget for 1871-72, received with the first of the foregoing letters, is submitted for the approval of Government, with reference to their Order of the 16th March 1869, No. 711.

2. Part I. contains seven works, with a total allotment of Rupees 86,100, and with provisions of Rupees 1,900 and 1,000 on account of petty new works and miscellaneous public improvements.

3. The Collector states that the available funds have been chiefly appropriated towards the completion of the works already commenced.

*Proceedings of the Madras Government, Revenue Department,
21st October 1870.*

Road No. 5 between Paracoklam and Travancore frontier, via Cambem and Gudalur.

Road between Sheragunga and Tondi.
Do. between Tirumungalam and Streevilliputoor.

4. Of the seven works the first, third, and fourth, are sanctioned, and are in progress. The allotment for the first work will complete it next year.

5. The third and fourth works require nearly Rupees 40,000, in addition to the proposed allotments, to ensure their completion within the year.

6. An estimate for the second work was submitted for the sanction of Government with the Board's Proceedings, dated 8th September 1870, No. 5,656. If the estimate is sanctioned at an early date, the allotment of Rupees 8,000 in the current year's Budget can be utilized, and the assignment of Rupees 20,000 proposed in the present Budget will complete the road.

7. The last three works in the Budget are unsanctioned, and it is not stated when the estimates will be submitted. The first and second of them are roads of great importance, and their commencement before other works were completed was acquiesced in by Government Order, 14th July 1870, No. 1,081. They will therefore be left undisturbed, but the third must be disallowed, and its allotment will be divided between Items Nos. 3 and 4 of the Budget.

Allotment.
Rs.

- | | |
|---|--------|
| 1. Road between Mudukalatoor and Parthipanelloor on the line from Sayelgudi to Mana Madura .. | 10,000 |
| 2. Road between Ramnad and Sheragunga .. | 10,000 |
| 3. Road from Palany to Darapuram .. | 5,000 |

They will therefore be left undisturbed,

8. Part II. contains twenty-two repair-works, with a total allotment of Rupees 30,730, and with provisions of Rupees 4,570 and 4,700 on account of petty repairs and miscellaneous public improvements. The several maintenance grants proposed are moderate and call for no remark.

9. It must be borne in mind that the allotment of Rupees 500, for repairing the streets in cusbah towns cannot be laid out until the Towns' people interested in the work contribute an equal amount, agreeably to the Standing Order No. 30, published in page 16 of the Board's Standing Orders.

10. In the abstract of receipts and charges the available receipts of the Fund are given as Rupees 1,60,000, which includes Rupees 15,000, the balance expected at the beginning of the year.

11. Under the head "Expenditure proposed" there is a provision of Rupees 190 for the contingent charges of the Revenue Department, which is Rupees 140 in excess of the scale of Rupees 50 fixed by the Board for each district. The Collector states that the present allowance is insufficient to meet the Saderwarid

* Rupees 60 per annum.

charges* of the Toll Establishment at the Andiputty Pass and other contingent charges. The Board see no objection to the proposed allotment, and have accordingly retained it.

12. The total proposed expenditure amounts to Rupees 1,60,000, which leaves no balance out of the expected income of the Fund.

*Proceedings of the Madras Government, Revenue Department,
21st October 1870.*
