2. Provision for these works will be made in due course.

From the Collector of Malabar, to the Acting Secretary to the Board of Revenue, dated Calicut, 6th October 1870, No. 341.

It appears from a communication received from the Superintending Engineer, 7th Division, that a portion of district road No. 48B, from Tirvegapuram to Mallapuram road, will be ready for cart-traffic shortly, and that it is desirable to put in order the remaining portion from the junction of Mallapuram road to Watathany.

2. An estimate, amounting to Rupees 3,264, for this purpose was submitted with my letter, dated 6th August, No. 280, on which I have the honour to request early orders.

3. The amount required for the road in question can be provided from the unappropriated balance of the District Road Fund reserve of the current year.

4. The work will be carried out by the Public Works Department.

With the first of the foregoing letters the Collector submits plans and estimates, amounting in the aggregate to Rupees 8,079, for the three works therein described, and states that provision for them will be made in due course.

2. In the second letter the Collector requests that the early sanction of Government may be obtained for the second work, estimated to cost Rupees 3,264, which is proposed to be allotted from the current year's unappropriated balance of the Road Fund.

3. The Board request that the Government will be pleased to sanction the three estimates.

4. It is observed that the first and third works are provided for in the Road Fund Budget of 1871-72, which will be shortly laid before Government.

5. On the receipt of the sanction of Government to the estimates now submitted, the Board will allot funds for the second work.

6. The Board note that the estimates do not bear the counter-signature of the Collector.
