Proceedings of the Madras Government, Revenue Department,
28th October 1870.

No. 329. Read the following Proceedings of the Court of Wards, dated 14th September 1870, No. 5,726 :—

Read the following letter from the Acting Collector of Tinnevelly, to the Acting Secretary to the Court of Wards, dated Courtallum, 17th August 1870, No. 398.

I HAVE the honour to report that the two divisions, Perurani and Karakurichi of the Maniachi Estate, which had been advertised for sale by the Court, were sold on the 11th and 13th instant, and realized, respectively, the former Rupees 55,000 and the latter Rupees 50,000, making 1,05,000 Rupees in all. Deducting this sum from the liabilities of the estate, there is still about 25,000 Rupees to be discharged.

2. The Minor's mother and her relations used their best endeavours to raise a loan on mortgage of the estate to clear off the judgment debts, but the negotiations I regret to say failed.

3. Besides the two divisions just sold, there is still the Maniachi Division left consisting of six villages and yielding a revenue of Rupees 6,789-3-4 per annum, and chargeable with a peishcush to Government of Rupees 1,836-0-11. This division will in all probability have to be sold also, as it is doubtful whether the remaining decree-holders will now consent to any terms, or exercise further forbearance.

4. After I have placed the purchasers* of Perurani and Karakurichi in possession, I shall report on the arrangements to be made for the management of the remaining portion of the estate and the reduction of the existing establishment.

*[illegible] Chetty of Perurani.
Sankaracumaru Pillay of Karakurichi.

SUBMITTED for the information of Government, with reference to Government Order, No. 1,144, of the 2nd of August 1870.

2. The Collector should proceed to sell the Minor's share in the puttah lands and two outlying villages and reduce the existing establishment as soon as possible. The Court trust it will not be found necessary to sell the remainder of the estate for such a comparatively insignificant debt as 25,000 Rupees, and rely upon the Collector to use his influence with the creditors to induce them to be content with the certainty of a liberal rate of interest.
