350-57.		
Dated	31. 10. 1870	19.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Revenue Department,
31st October 1870.*

No. 350. Read the following Proceedings of the Board of Revenue, dated 17th October 1870 :—

Read the following letter from the Superintending Engineer, 2nd Division, to the Officiating Collector of the Kistna District, dated Masulipatam, 28th September 1870, No. 205.

- 1 Sketch plan.
- 1 Detailed estimate of earth, etc., work.
- 2 Do. of two bridges, improvements.
- 2 Abstract estimates of two do.
- 1 General abstract for all, Rupees 14,000.
- 1 Specification report.

I HAVE the honour to forward an estimate for re-metalling and improving the road from Guntoor to Ponnur, amounting to Rupees 14,000.

2. This work was originally constructed under an estimate, sanctioned on the 8th February 1853 for Rupees 8,622, and its tunnels were built under authority of Orders of 7th April 1854 and 6th March 1855.

3. The maintenance allowance has been expended in keeping the surface in practicable order by the use of such gravel or other good soil as could be procured, but it has been all worked into the under-lying black cotton soil by the heavy traffic, and our funds are now quite insufficient to keep it in order.

4. The road is important, as it is a main line which divides at Ponnur into communications to Jutur, Nizampatam, by Sandole and Bapatla.

5. I would therefore urge its early sanction from the Local Funds, and an allotment from surplus means to the amount of Rupees 2,000 in the current year.

—
No. 4,418.

SUBMITTED to the Board of Revenue for sanction. Length of road from Guntoor to Ponnur is 18 miles.

MASULIPATAM,
7th October 1870.

(Signed) J. A. C. BOSWELL,
Officiating Collector.

THE estimate, amounting to Rupees 14,000, for improving the road from Guntoor to Ponnur (length 18 miles) is submitted for the early sanction of Government.

2. The estimate consists of the following items:—

	RS.
1. Earth-work	264
2. Metalling, etc.	12,503
3. Masonry work	595
4. Sundries... ..	638

14,000

3. This is an old road, and appears to have been constructed between 1852 and 1855.

4. The Superintending Engineer states that the annual maintenance allowance of Rupees 2,550 has been expended in keeping the surface of the road in practicable order by the use of such gravel or good soil as was procurable, but that it has all been worked into the under-lying black cotton soil by the heavy traffic.

5. On the receipt of the sanction of Government to the estimate, the Board will allot the requisite funds.
