*Proceedings of the Madras Government, Revenue Department,
5th December 1870.*

No. 97. Read the following Proceedings of the Board of Revenue, dated 25th October 1870, No. 6,300 :—

Read the following letter from the Deputy-Collector on General Duty, to the Officiating Collector of the Kistna District, dated Vinukonda, 20th September 1870, No. 206.

ONE Konda Kesavulu of Jangamaheswarapuram, hamlet of Durgi, commenced excavating, without permission, a charity kunta in A. 1 C. 35 of K. No. 1,741, which forms a part of a pathway, in an unsurveyed block (demarcation not made), and requested permission to demarcate that portion and transfer it to Porumboke in the accounts. The said extent being a part of pathway would not have been sanctioned for the purpose had an application been made in time. The villagers state that they warned him not to commence the work without sanction; but that he having informed them that he had presented a petition on the subject, they did not stop it. This is no good excuse, for, even if he said to have given a petition, it was not certain that sanction would be given.

2. The kunta has nearly been finished as stated by the Tahsildar. It is very useful for the drinking purposes both to men and cattle, being situated in a jungle tract touching a pathway.

3. The pathway being in an unsurveyed block is not a recognized one by the Demarcation Department. If it should ever happen to demarcate the said block, a sufficient pathway may then be marked out from the adjacent portion of the waste.

4. Under these circumstances, I beg you will be good enough to sanction the transfer of the kunta to porumboke after demarcating it as a minor number.

5. Though I take good care that no Government land is encroached upon for any purpose without previously obtaining sanction, yet, in some cases, the ryots, etc., in remote localities do things without sanction.
