*Proceedings of the Madras Government, Revenue Department,
5th December 1870.*

No. 107. Read the following letter from the Commissioner of the Neilgherries, to the Chief Secretary to Government, Fort Saint George, dated Ootacamund, 15th October 1870, No. 55 :—

With reference to paragraph 12 of my report to you, dated 2nd September 1870, No. 42, I have the honour to forward a letter from Mr. McIvor, bringing to notice that, should Government approve of the idea of sending Home 3,000 lbs. of Cinchona bark annually to accustom Home buyers to the Indian product, the bark should be prepared in November and December, or, if not then, in April next.

ENCLOSURE No. 1.

From W. G. McIVOR, Esq., Superintendent, Government Cinchona Plantations, to the Commissioner of the Neilgherries, dated Ootacamund, 14th October 1870, No. 238.

In paragraph 3 of my letter, No. 204, dated 5th August last, I recommended that 3,000 lbs. of Cinchona bark should be sent this year into the Home markets, in order to ascertain its value. Yesterday, in conversation with you, I learnt that you and Mr. Broughton had recommended this course; I therefore will be glad to receive the orders of Government as early as possible, because if the bark is not removed in November and the early part of December, we will not be able to remove it until April next, when the sap again begins to rise.

No. 108. ORDER THEREON, 5th December 1870, No. 1,941.

Miscellaneous.

THE Commissioner will instruct Mr. McIvor to take steps at once, or as soon as practicable, for the preparation

of the quantity of Cinchona bark proposed to be shipped to England.

2. Mr. Broughton will be requested to advise Mr. McIvor as to the description of bark which it is most desirable to select for the Home market.
