## *Proceedings of the Madras Government, Revenue Department, 10th December* 1870.

Read the following papers:—

No. 228. From the Officiating President, Municipal Commission, Madras, to the Chief Secretary to Government, Fort Saint George, dated Madras, 21st June 1870, No. 351.

With reference to a Resolution* passed at a Meeting of the Improvement Committee, held on the 31st May 1870, I have the honour to request that Government will be pleased to make over to this Municipality the public waste land, coloured yellow, as shown in the accompanying plan. It is intended to erect thereon a model Parcherry for the use of the persons whose huts have been removed from the site of the Napier Park. I trust that this, the first of such model buildings for the poorer classes of the Town, may be speedily followed by others on a more extended scale, and so enable us, in course of time, to get rid of these Native Parcherries, which are but hot-beds of filth and disease, with not only advantage to their residents, but to the public in general. The contemplated buildings will contain 162 families, and it is intended to construct them at a cost not exceeding 75 Rupees per house, for which a monthly rental of 6 to 8 Annas will be demanded.

* Resolution III.—"Resolved that the President be requested to make an early application to Government for the piece of waste ground near Law's bridge in Chintadrepettah and on the opposite side of the river to the Friend-in-need Society's Workshop, with a view to the erection thereon of a model Parcherry building for the use of the persons whose huts have been removed for the purpose of the Napier Park.

No. 229. From the Collector of Madras, to the Chief Secretary to Government, Fort Saint George, dated Madras, 16th July 1870, No. 8.

With reference to the endorsement of the Under-Secretary to Government on the accompanying letter from the Officiating President, Municipal Commission, dated 21st June 1870, No. 351, I have the honour to report that the piece of land applied for belongs to Government, and that I see no objection to its being made over to the Municipality, for the purpose of erecting a model Parcherry building for the use of the persons whose huts have been removed for the purpose of the Napier Park.

No. 230. From the Officiating President, Municipal Commission, Madras, to the Chief Secretary to Government, Fort Saint George, dated Madras, 12th September 1870, No. 514.

I have the honour to request that Government may be moved to pass orders on letter, No. 351, dated 21st June 1870, asking for the grant of a piece of land in Chintadrepett near Colonel Law's bridge for the purpose of establishing an experimental model Parcherry.

2. The subject is of very great importance, and the Municipal Commissioners are most anxious to make a beginning at once, so as to enable them to make suitable provision in the Budget for 1871, should the Proposed parcherry prove successful.

No. 12.

FORWARDED to the Collector of Madras for report of the exact extent of land proposed to be taken for the experimental model Parcherry, and for an approximate estimate of its value.

No. 231. From the Collector of Madras, to the Chief Secretary to Government, dated Madras, 29th November 1870, No. 69.

WITH reference to your endorsement of 10th October 1870 on the letter from the Officiating President, Municipal Commission, dated 12th September 1870, I have the honour to report that the land required for the experimental model Parcherry measures cawny one, grounds two, square-feet 480, or acres 1·44, and, at Rupees 100 per ground, would be worth Rupees 2,620, which is the highest price it is likely to fetch, if now sold.
