Proceedings of the Madras Government, Revenue Department,
15*th February* 1870.

No. 141. Read the following letter from J. BROUGHTON, Esq., Quinologist to Government, to the Acting Secretary to Government, Revenue Department, Fort Saint George, dated Ootacamund, 4th January 1870 :—

I HAVE the honour to request sanction for the following items of expenditure occurring in my year's estimate :—

	Rs.
Earthen-ware crystallizing vessels from England	250
Fuel-supply, six months, at Rupees 60 per month	360
Manufacturing materials	800
Pumps, piping, etc., for water	400

Savings will be effected in these latter items.

2. I also have the honour to request sanction, and advance of Rupees 1,000 under the heading of Contingencies, part or the whole of which will be required for the putting of the alkaloid manufacture in complete working order.

3. The cost of conveying bark from the plantations at Neddivuttum to the manufactory at Ootacamund has not been estimated for in the Budget for the plantations for the current year. I have consulted Mr. McIvor as to how this difficulty can best be met. He informs me that the cost can be defrayed out of savings on his part, and requested me to mention the same while writing to Government on the subject. I should estimate the cost of this transit for the remainder of the year to be not exceeding Rupees 400. I have the honour to request to be informed if Government will permit this arrangement to be carried out.

No. 142. ORDER THEREON, 15th February 1870, No. 219.

Miscellaneous.

SANCTION is granted for the items specified in paragraphs 1 and 2 of the letter above recorded. Mr. Broughton will endeavour not only to restrict his expenditure within the Budget grant but also if possible to reduce it below that limit.

2. The cost of conveying the bark from Neddivuttum to Ootacamund can be met out of savings in the Cinchona Budget as proposed.
