

MADRAS RECORD OFFICE.

Government of Madras.

Revenue DEPARTMENT.

G.O. No.	222	Press Mis.
Dated	16-2-	1870

Not to be folded or roughly handled

*Proceedings of the Madras Government, Revenue Department,
16th February 1870.*

No. 147. Read the following Proceedings of the Board of Revenue, dated 7th January 1870, No. 109 :—

Read Proceedings of the Madras Government, dated 17th December 1869, No. 3,206A, Revenue Department.

COMMUNICATED to all Collectors for their information and guidance.

2. A list of unsanctioned works, entered in Part I. of the Road Fund Budget, is appended to these Proceedings. Collectors are requested to expedite the submission of the estimates for them in time to allow of their respective allotments being expended within the year. In submitting estimates, Collectors should invariably state what portion of the cost of bridges, etc., included in them, is fairly chargeable to Imperial Funds, agreeably to Government Order, Revenue Department, dated 11th March 1869, No. 654. In several cases, Collectors have omitted to furnish this information, and unnecessary correspondence has been the result.

3. As directed in the Board's Circular, No. XXV. of 1868, Collectors will, in communication with the Superintending Engineers, furnish the Board, by the 15th May next, with lists of sanctioned works actually in progress omitted from the Budget of 1870-71, under the expectation that they would be completed during the current official year 1869-70, but not so completed. These lists should be sent duly countersigned by Superintending Engineers, with covering letters, stating the actual cash balance of the Road Fund on the 1st April 1870, as also the source from which funds can be provided for the works therein shown. Works provided for in the sanctioned Budget should, as a rule, be excluded from the lists.

4. Separate lists of incomplete works for other funds should be similarly submitted to the Board, with or without the countersignature of the Superintending Engineers, as the case may be.

5. Supplemental Road Fund Budgets should be submitted only if sufficient funds are forthcoming, and if there is a prospect of getting the estimates for the works entered in them prepared in time for the allotments to be utilized.

6. The Board trust that Collectors will find it unnecessary to submit revised Budgets for 1870-71, as their original Budgets have, in the first instance, been prepared in consultation with the Superintending Engineers, and have been since carefully revised both by the Board and Government.

7. Printed copies of the Budget, as sanctioned by Government, are circulated with these Proceedings. To facilitate business in the Board's Office, it is particularly requested that the numbers of works given in Parts I. and II. of the Road Fund Budget, and not those given in the Public Works Budget, may be quoted whenever any references are made to the Board regarding them.

8. The total proposed expenditure sanctioned from Local Funds is shown in the margin. An abstract of the sums to be expended by the Public Works Department from the Road Fund is given below. The total amounts to Rupees 19,56,630, and the Accountant General is requested to place this sum at the disposal of that department.

District Road Fund	20,50,950
Jungle Conservancy Fund	1,89,150
Cattle Pound Fund	98,780
Public Bungalow Fund	27,350
Endowment Fund...	2,49,200
Natal Grass Fund	23,300
Irrigation Cess Fund in Trichinopoly, Madurai, and Coimbatore.	17,870
Canal Fund in Madras	29,519
	<u>32,96,170</u>

Proceedings of the Madras Government, Revenue Department,

* This Establishment is under the control of the Collector.

Proceedings of the Madras Government, Revenue Department,
16th February 1870.

9. Every exertion will be made to submit to Government, by the 31st January next, the detailed Budget of expenditure from the Jungle Conservancy Fund.

10. The Board will carefully watch the conduct of business during the next three or four months, before submitting a final report. It is, however, their impression at present that little would be gained by transferring the audit of the small portion of the Road Fund which is expended by the Revenue Department to another office, especially since the audit of expenditure under other funds could not be so transferred. The audit of the great bulk of the expenditure, which is administered by the Professional Department, is already conducted by the Controller.

No. 148.

ORDER THEREON, 16th February 1870, No. 222.

Local Funds, No. 10.

Accounts.

The Government will await the report promised in paragraph 10 above.

(True Extract.)

(Signed) R. A. DALYELL,
Acting Secretary to Government.

To the Board of Revenue.

Exd. F. R. Bartleman.
