Proceedings of the Madras Government, Public Works Department, 17th December 1870.

No. 370. Read the following Endorsement of the Military Department, dated Fort Saint George, 5th December 1870:—

From the Deputy Quarter Master General, to the Secretary to Government, Military Department, dated Fort Saint George, 3rd December 1870, No. 6,844.

THE Officer Commanding the Centre District has represented that the roads in the lines of the 35th Regiment Native Infantry at Vepery have been very much damaged by the late heavy rains, and that the men of the Regiment are unable to repair them, having no materials on the spot. The Officer Commanding the Regiment is willing to have the repairs executed by means of regimental working parties if gravel is supplied, the cost of which the Executive Engineer approximately estimates at Rupees 1,258; but as the entire cost of a similar work executed by the Public Works Department under the sanction granted in Order of Government, No. 4,396, dated 3rd December 1861, appears to be only Rupees 1,210, His Excellency thinks it would be advisable that the work should be executed by the Public Works Department on this occasion also.

TRANSFERRED to the Public Works Department.
