*Proceedings of the Madras Government, Revenue Department,
11th March 1870.*

No. 84. Read the following Proceedings of the Board of Revenue, dated 5th February 1870, No. 843 :—

Read the following Proceedings of the Madras Government, dated 26th November 1869, No. 3,051, Revenue Department.

THE attention of all Collectors is called to paragraph 2.

2. A Statement is subjoined showing the dates on which the Collectors' reports on Minor Estates have been received for the last four fusties. According to the Orders of Government such reports should be submitted before the end of August, or, if there be any special cause for delay, at all events before the end of September.

3. The Board's general report has been delayed this year by remissness in Tanjore and Tinnevelly. The report from Tinnevelly is dated the 29th December, and did not reach the Board till after the Christmas holidays.

No. 85. ORDER THEREON, 11th March 1870, No. 340.

Miscellaneous.

THE Government regret to learn that notwithstanding the issue of repeated orders on the subject, the Court of

Ward's General Report for the past revenue-year, which closed on the 30th of June last, (now upwards of eight months ago,) is not yet prepared. It is also observed that the Board's Annual Settlement Report has not yet reached the Government.

2. It is obvious that it is quite impossible for the Board of Revenue to comply with the wishes of Government, unless the district reports are forwarded on the proper dates; and it must be equally obvious to the district officers that, unless these General Reports reach Government within a reasonable period after the close of the year to which they refer, they can be of but very little practical value, and the time spent on their preparation may be said to have been wasted.

3. The Board will be good enough to call upon the Collectors of Tanjore and Tinnevelly for such explanation as they may have to offer, and will bring prominently to the notice of Government the names of any other officers whose dilatory proceedings so materially detract from the value of these important reports by causing delay in their submission.
