*Proceedings of the Madras Government, Revenue Department,
11th March 1870.*

No. 92. Read the following Proceedings of the Board of Revenue, dated 4th February 1870, No. 798 :—

Read the following letter from the Acting Collector of Coimbatore, to the Acting Secretary to the Board of Revenue, dated 10th November 1869, No. 206.

I have the honour to forward an estimate for forming embankments to certain culverts on the road from Caroor to Madura frontier, *via* Vellianay, and completing repairs on the last four miles on that road, and to request sanction for the same.

2. The necessity for the work in question is explained in the enclosed original letter from the Superintending Engineer, 7th Division, dated 2nd instant, No. 105.

3. The amount required, viz., Rupees 3,500, can be met from the reserve of the current official year, under the head "District Road Fund."

4. In Mr. Webster's letter of the 25th May 1869, No. 95, a sum of Rupees 16,125-9-8, being a portion of the surplus balance of 1868-69, was set apart to meet a portion of the allotments in the Budget for 1869-70, and consequently a portion of the amount required for the works sanctioned in the Board's Proceedings of 7th August 1869, No. 5,810, was ordered to be allotted from the reserve; but from calculations made after the close of the Fusly year, 1273, it has been found that the estimated collections of the District Road Fund for the current official year would be fully realized, and that the Rupees 16,125 set apart by Mr. Webster could be utilized in providing funds for the works sanctioned in the Board's Proceedings above quoted. The reserve therefore remains untouched. A Memorandum showing the balance at the beginning of the year, the estimated collections, and the allotments for works, etc., is herewith submitted for the Board's information.

Enclosure No. 1.

From the Superintending Engineer, 7th Division, to the Collector of Coimbatore, dated 2nd November 1869, No. 105.

I have the honour to forward an estimate of Rupees 3,500, sent in by the Caroor Range Officer, for completion of the road from Caroor Railway station to the Madura frontier near Vellianay, under the following circumstances.

2. An estimate of Rupees 11,320 for bridges and tunnels on the line was sanctioned in Government Order, No. 2,885, of 16th December 1867, of which Rupees 1,572 were spent in 1867-68, Rupees 9,094 in 1868-69, and Rupees 2,653 is the current year's allotment, now nearly expended. At the same time an estimate of Rupees 4,000 was sanctioned for repair of the roadway, being at the moderate rate of Rupees 500 a mile. Rupees 2,546 were spent in 1867-68 on that estimate, but next year, as Local Funds appeared to run short, I informed the Range Officer that he must be satisfied with the maintenance allowance of Rupees 1,320 then in our hands. Accordingly the Progress Report of March last showed a total expenditure of Rupees 3,866 when the supply of funds ceased, as the maintenance allowance was cut down one-half, and transferred to the Revenue Department.

3. It now appears that a sum of Rupees 1,950 (including sundries) is required to complete the embankment approaches to eleven bridges and tunnels, and Rupees 1,550 to complete the earth-work and graveling of the last four miles, making up the total, Rupees 3,500, of the estimate herewith sent. I recommend it for immediate sanction and provision of funds, which I understand to be available. The works were inspected by me last year, and found to be very good and economically carried out, and the line is an important Railway feeder.

*Proceedings of the Madras Government, Revenue Department,
11th March 1870.*

ENCLOSURE No. 3. — Estimate.

THE estimate, amounting to Rupees 3,500, for forming embankments to certain culverts on the road from Caroor to the Madura frontier, *via* Vellianay, and for completing repairs on the last four miles of that road, is submitted for the sanction of Government.

2. The Acting Collector proposes to meet the expenditure of Rupees 3,500 from the reserve. It is observed from the register kept in this office that nearly the whole of the reserve has been already appropriated for other purposes; but, in the statement furnished by the Acting Collector, a sum of Rupees 3,700 is shown as the balance expected to remain unspent on the 31st March 1870, from which source the amount of the estimate can be provided. On the receipt of sanction to the estimate the Board will allot the requisite funds.

No. 98. ORDER THEREON, 11th March 1870, No. 344.

Local Funds, No. 2.

Civil Works.

THE estimate for forming embankments to certain culverts on the road from Caroor to the Madura frontier, *via* Vellianay, and for completing repairs

on the last four miles of that road, amounting to Rupees 3,500, is sanctioned.
