*Proceedings of the Madras Government, Revenue Department,
28th March 1870.*

No. 191. Read the following Proceedings of the Madras Government in the Public Works Department:—

Communicating to the Financial Department letter from Controller of Public Works Accounts, suggesting that the transfer from the Civil to the Public Works Department of Rupees 2,00,000 provided for "Petty Construction and Repair" in the Civil Estimates of 1869-70, be deferred till the receipt of sanction from the Government of India.

(Here enter, 24th January 1870, No. 287.)

No. 192. ORDER THEREON, 28th March 1870, No. 393.

Miscellaneous.

Order, dated 28th January 1870, No. 123, Revenue Department.

THE question raised in paragraph 4 of the Controller's letter has been set at rest by the Proceedings of the Government of India in the Financial Department, dated 24th November 1869,

No. 2,587. Under this order the provision for "Petty Construction and Repairs" in the Revenue portion of the Budget, except the Reserve of Rupees 25,000, which was struck out, is to be retained in the Civil Estimates. The allotment and expenditure of this sum will therefore be made under the Rules laid down in the Orders of Government in this department, dated 3rd and 25th May 1869, Nos. 1,202 and 1,472.

*Proceedings of the Madras Government, Public Works Department,
24th January 1870.*

No. 552. Read the following letter from the Controller of Public Works Accounts, to the Secretary to Government, Public Works Department, dated Madras, 10th January 1870, No. 1,912:—

In Public Works Proceedings of the 11th October 1869, No. 3,280, the Financial Department was requested to issue the necessary orders for the transfer to the credit of the Public Works Department of the whole amount* provided in the Civil estimates of the current official year under "Petty Construction and Repair."

2. Since the issue of the orders above quoted, G. O., No. 3,994, dated 20th December 1869, has come to hand, and as, in the Resolution recorded in that order, the Government of India declined to supplement the Public Works Budget by the transfer to it of the amount (Rupees 48,200) provided for Police huts, etc., in the Civil estimates, and direct that the entire expenditure on Police buildings in 1869-70 shall be met from the ordinary Public Works allotment, I venture respectfully to suggest that, in order to avoid confusion in the accounts of this department, the transfer referred to in paragraph 1 of this letter may be deferred pending the receipt of the orders of the Government of India upon the application already made, or to be hereafter submitted, by this Government.

3. If this course be followed, there will be no difficulty, in the event of the Government of India disallowing the transfer of Rupees two lacs from the Civil to the Public Works Budget, in taking over to the Public Works books the debits which may appear in the Civil accounts against that provision.

4. Adverting to Revenue Proceedings of the 14th December last, No. 3,170, I conclude that the term "general control" employed in paragraph 2 has reference only to the *distribution*, to particular works, of the two lacs provided in the Civil estimates, and not to the granting of credits and the audit and passing of expenditure, which, in the case of all *Imperial Works* whether executed by Public Works officers, or through the agency of the Civil authorities, devolve exclusively upon this office.

No. 553. ORDER THEREON, 24th January 1870, No. 287.

ACCOUNT, No. 68.

ORDERED that this letter be communicated to the Financial Department with a view to the transfer to the Public Works Department of the Rupees 2,00,000 provided in the Civil estimates of the current year for Petty Construction and Repair being deferred till the orders of the Government of India on the letter from this Government, No. 3,281, of the 11th October 1869, is received.

2. The attention of the Revenue Department will be requested to paragraph 4. (True Extract.)
