7. Superintendence and sundries	353	264	155
Total ...	44,400	49,200	4,300

3. The Acting Collector states that these roads "are very much required to "afford access to the best cultivated part of the delta (of the Pennair), and to "allow of the easy removal of the crops; the nature of the soil, and the existence "of the branch irrigation channels making it now very difficult for traffic."

4. On the receipt of the sanction of Government to the estimates, the Board will allot the requisite funds for expenditure during the current year.

5. It is observed that the estimates in question have not been countersigned by the Acting Collector.

No. 225. ORDER THEREON, 30th March 1870, No. 410.

Local Funds, No. 10.

Civil Works.

The estimates for the undermentioned roads submitted with the Board's Proceedings above recorded, are sanctioned :—

For metalling the road from Nellore to Mypaud (about 14 miles), amounting to Rupees 44,100.

For metalling and making up the road-embankment from Nellore to Kodur through Anulur (about 10 miles), amounting to Rupees 49,200.

For constructing and metalling the road from Narayanareddipeta to Narukur (about 2 miles), amounting to Rupees 4,300.

2. The length of the roads should have been given in the estimates as required in several orders of Government. The lengths specified above are taken from the sketch Map submitted with the estimates.

3. There is considerable difference in the amounts of the estimates as specified in the Collector's letter, and as given by the Board. This should have been explained in their Proceedings.
