*Proceedings of the Madras Government, Revenue Department,
31st March 1870.*

No. 249. Read the following despatch from the Right Honourable the Secretary of State for India, (Public,) to His Excellency the Right Honourable the Governor in Council, Fort Saint George, dated India Office, London, 17th February 1870, No. 5:—

I HEREWITH transmit seventy copies of the latest Report of the Superintendent of the Cinchona Plantations in Java, which has been translated from the German of M. Hasskarl. The mistakes originally made by the Dutch have been rectified, to a great extent, by adopting the system of cultivation in use on the Neilgherry Hills, and by obtaining plants of the best species from India. There is not, however, much new information in the present Report; but it is desirable that it should be in the hands of Cinchona cultivators in India, as useful hints may be gathered here and there from the remarks of M. vanGorkom.

COMMUNICATED to the Commissioner of the Neilgherry Hills, to the Government Quinologist, to the Officiating

2. Of the two copies of the Report referred to, received with this despatch, one copy will be forwarded, through the Commissioner of the Neilgherry Hills, to Mr. Melvor, and the other copy to the Government Quinologist. The remaining copies, when received, will be duly distributed.
