*Proceedings of the Madras Government, Revenue Department,
31st March 1870.*

No. 251. Read the following letter from the Officiating Conservator of Forests, to the Acting Secretary to Government, Revenue Department, Fort Saint George, dated Madras, 30th March 1870, No. 2,017 :—

ADVERTING to G. O. of the 18th instant, No. 367, I have the honour to subjoin the Actuals of Revenue and Expenditure for the past eleven months, together with the estimated income and expenditure for the current month :

Revenue for 1869-70.

Actual revenue received into the Treasury up to February 1870...	RS.	3,06,707
Value of timber supplied to Department Public Works and other departments ...	1,41,525	
		4,48,232
Regular estimate for March 1870 ...	21,768	
		4,70,000
Estimate sanctioned for 1869-70 ...		

Expenditure for 1869-70.

Establishment up to February 1870 ...	1,20,002	
Working charges up to do. ...	1,25,719	
Office Contingencies ...	3,790	
		2,49,511
Regular estimate for March 1870 ...	50,489	
		3,00,000
		Savings .. 50,000
		3,50,000
Estimate sanctioned for 1869-70 ...		

2. Against the estimated income of Rupees 4,70,000 for 1869-70, a sum of Rupees 4,48,232, inclusive of the value of timber supplied to the Department Public Works, Bombay Marine, and Ordnance Departments, up to the end of last month, has been realized, and Rupees 21,768 is expected to be realized during the course of this month. It will thus be seen that the estimated income of Rupees 4,70,000 will be fully carried into the accounts to the credit of Forest income by the end of the current official year.

3. As regards the expenditure, the actuals for eleven months are Rupees 2,49,511, whilst the estimated amount for this month is Rupees 50,489, inclusive of the charges to be incurred for felling and planting operations, establishment, and Office contingencies, thus making a total of Rupees 3,00,000. A surplus of Rupees 50,000 will, it is hoped, be saved from the estimated amount of Rupees 3,50,000 at the close of the official year.
