*Proceedings of the Madras Government, Revenue Department,
31st March 1870.*

Read the following papers :—

No. 253. Endorsement of the Acting Secretary to Government, Revenue Department, dated 9th March 1870.

Read the following letter from the Government Quinologist, Ootacamund, to the Acting Secretary to Government, Fort Saint George, dated 26th February 1870.

On the 17th February 1869, G. O., No. 410, Government sanctioned the sum of Rupees 910 for sundry apparatus for Alkaloid Manufactory.

2. Of this sum, about Rupees 800 have been expended for the purposes intended. I am now informed (doubtless correctly) that as the amount was not drawn in advance, it would, according to custom, be withdrawn at the end of the official year. I respectfully submit that I should have been informed, at the time of sanction, that there existed a rule by which moneys sanctioned, if not expended within the year, are withdrawn, inasmuch as the nature of the expenditure indicated would require time to effect.

3. I have the honour to request to be informed in what manner I can be reimbursed for this expenditure.

4. There will be more than sufficient savings in my current year's Budget to cover the amount. These savings will, however, in this case be obscured by the operation of a rule whose existence I had no means of knowing except by its infraction.

REFERRED to the Accountant-General who will issue the necessary instructions to Mr. Broughton without delay.

(Signed) R. A. DALYELL,
Acting Secretary to Government.

No. 254. From the Accountant-General, Madras, to the Acting Secretary to Government, Revenue Department, dated Fort Saint George, 11th March 1870, No. 391.

REFERRING to your Endorsement of the 9th instant on the letter of the Government Quinologist, dated 26th ultimo, herewith returned, I have the honour to point out that, as no provision was made in the current year's Budget-Estimate on account of the apparatus for Alkaloid Manufactory, the payment in question cannot be authorized to be made without special authority from Government. It is not likely that there will be any savings in the grant for "Education, Science, and Art;" but as the payment of charges once incurred cannot be delayed for mere want of provision in the Budget-Estimate, I would suggest that authority be given by Government for the payment, subject to the necessary adjustment of the Budget grant after the close of the official year.

*Proceedings of the Madras Government, Revenue Department,
