*Proceedings of the Madras Government, Revenue Department,
19th May 1870.*

No. 237. Read the following Proceedings of the Board of Revenue, dated 28th April 1870, No. 2,813 :—

Read the following letter from the Collector of the Godavery District, to the Acting Secretary to the Board of Revenue, dated Kotipilly, 1st April 1870, No. 83.

I HAVE the honour to forward a Survey-plan, with longitudinal and cross-sections of the ground, for the road from Tadapillygudem, *via* Pentapad, to the head of the Undi Canal, together with an estimate for Rupees 3,161 for

the earth-work alone; and request sanction for the same, as I consider the work necessary.

2. The Superintending Engineer states that there is an allotment for it in the Budget.

3. He requests to be allowed to proceed with the earth-work of this road at once, as it is very necessary that this should be executed before the monsoon sets in.

4. He adds, further, that if the making of road is now postponed, he will not be able to do anything till this time next year, as after the irrigation is commenced, it is impossible to make roads satisfactorily in the delta, and besides the earth-work should be allowed to have one season's rains upon it before the gravelling and metalling are put on.

ENCLOSURES Nos. 1 to 3.—Survey-plan and Estimate.

THE plan and estimate, amounting to Rupees 3,161, for constructing a road (length $4\frac{1}{4}$ miles) from Tadapillygudem, *via* Pentapad, to the head of the Undi Canal, are submitted for the early sanction of Government.

2. The estimate is incomplete, as it is for the earth-work alone of the road; but the Collector states that it is very necessary that the part of the work should be done at once.

3. The work appeared as Item No. 29 in the Budget of 1869-70; but as it is not provided for in the current year's Budget, the Collector will point out the source from which the necessary allotment of funds can be made.
