ENCLOSURE No. 1.

From the Superintending Engineer, 3rd Division, to the Acting Collector of Bellary, dated camp at Dharmavaram, 20th January 1870, No. 2,997.

I HAVE the honour to submit, for your countersignature and transmission to the Board of Revenue, the accompanying statement prepared in the form in use in this department for that portion of the Anantapore and Tadputry road lying in the Tadputry Talook, Ghooty Range.

2. The length of this portion is about thirteen miles, and the estimate was Rupees 18,200 (the amount for the whole road as sanctioned in Government Order, No. 3,435, of 1st December 1864, in the Public Works Department, being Rupees 42,600) or Rupees 1,400 per mile. This amount has been found to be insufficient in consequence of the great rise in wages and prices of materials since the estimate was prepared in 1864, the construction of the Railway, which crosses it at a distance of about two miles, affecting the rates very much. The extra sum now asked for to complete this portion of the road is Rupees 13,095.

3. A further sum will also be required for the twenty-one miles lying in the Anantapore Talook, Anantapore Range; but as the estimate is not ready I do not wish to delay the submission of the accompanying statement. The line of road is one of the most important of the Local Fund roads in the Bellary District, and I trust you may be able to provide funds for its completion.

ENCLOSURE No. 2.—Statement.

THE statement, showing that the cost of thirteen miles of the Anantapore and Tadputry roads will be Rupees 31,295 instead of Rupees 18,200 as originally estimated, will be submitted for the sanction of Government.

2. The Collector will point out how funds can be provided from the allotments of the current year.
