<i>308-89</i> Dated	24-5-	1870

Not to be folded or roughly handled

*Proceedings of the Madras Government, Revenue Department,
24th May 1870.*

No. 308. Read the following Endorsement of the Inspector-General, Indian Medical Department, dated Fort Saint George, 18th May 1870, No. 125:—

Read the following letter from Apothecary R. HUFFTON, in Medical charge Chetterpore, to the Deputy Inspector-General, Indian Medical Department, Presidency and Northern District, dated Chetterpore, 5th May 1870, No. 24.

I REGRET to report, for your information, the continued increase of cases of fever in the Ganjam Hospital; 132 cases having come under treatment in April, while the admissions for the previous month amount only to 108. This increase appears to be chiefly due to the very high southerly winds which prevail in the day during this period of the year, the evenings being close and sultry with an overcast cloudy sky accompanied frequently with thunder and lightening. Little or no rain has fallen during the period under notice; yet it is gratifying to observe that the amount of fever in the Ganjam Hospital in April 1869 was far greater than it is at present; 210 being the number treated against 132 in April of this year.

Weekly Report of Fever-cases among the Civil population of Ganjam, from Monday the 25th April to Sunday the 1st May 1870.
