Proceedings of the Madras Government, Revenue Department,
7th June 1870.

No. 96. Read the following Proceedings of the Board of Revenue, dated 1st June 1870:—

Read the following letter from the Acting Superintendent of Stamps, Madras, to the Acting Secretary to the Board of Revenue, dated 21st May 1870, No. 1,428.

With reference to paragraph 12 of my letter, dated 22nd ultimo, No. 1,063, I beg to report that, judging from the indents for stamped papers received from districts, and from all the replies received to my Circular issued for the purpose of ascertaining whether the supply of stamps in store in each district is equal to three months, I do not think that there is any necessity for increasing the quantity of

* Saturday is not reckoned, as there is generally no counterstamping (excepting of private goods) on this day, the pressmen being employed in counting paper for the week. stamped papers daily* prepared beyond the present rate of 45,000. It is likely that at this rate of stamping I shall be able to comply fully with all indents for

the quarter ending 30th September 1870, if not by the 30th of next month, by the 10th of July, the usual period according to the old established rule and practice of this Office. There is no urgent requisition for stamps from any district on hand. Under these circumstances there appears to be no necessity at present for the additional establishment mentioned in paragraph 12 of my letter above referred to.

2. But I beg to state that I am very greatly in need of the additional establishment† applied for in the 13th

SUBMITTED to Government in continuation of Board's Proceedings, 20th May 1870, No. 3,447.

2. The Superintendent of Stamps states that the additional establishment, recommended in paragraphs 4, 5, and 6 of the Proceedings, is immediately and emergently required.
