I AM directed by the Right Honourable the Governor in Council to forward herewith copy of a letter, No. 308, dated 14th May 1870, from the Superintendent of Mahableshwur to the address of the Collector of Sattara; and to request that the Government of Madras will be so good as to permit Mr. Broughton to make an analysis of the Cinchona bark therein referred to.

ENCLOSURE No. 1.

From the Superintendent of Mahableshwur, to the Collector of Sattara, dated 14th May 1870, No. 308.

I HAVE the honour to report that I have this day had removed a portion of bark from eight Cinchona trees in the Government plantation at Lingmulla, viz., five of *C. succirubra* and three of *C. Calisaya*; and to request instructions as to where the specimens should be forwarded for analysis.

2. There is, I believe, a special laboratory at Madras for extracting the Cinchona alkaloids under the superintendence of Mr. Broughton, Quinologist to the Madras Government, and I would suggest that the specimens when dry should be forwarded to him for analysis and report as to the per-centage of alkaloids yielded by them.
