Proceedings of the Madras Government, Revenue Department,
19th June 1871.

No. 238. Read the following Proceedings of the Board of Revenue, dated 31st May 1871, No. 2,214 :—

Read the following letter from the Acting Collector of Bellary, to the Acting Secretary to the Board of Revenue, dated Ramandroog, 8th May 1871, No. 179.

I HAVE the honour to forward, duly countersigned, estimates, amounting to Rs. 33,190, for constructing a second-class district road from Adony to Yeniganoor, which will branch off from the 43rd milestone on the road from Ghooty to Adony. The length of the proposed road is 17 miles 7 furlongs and 32 yards.

12 Sheets of Survey Plans.
5 Plans for masonry works.
1 Abstract Estimate.
1 Report.
3 Statements regarding compensation with their respective translations.

2. The object of constructing this road is to afford greater facility to the traffic of the surrounding country, finding its way towards the railway station at Adony.

3. The Superintending Engineer states that the line does not intersect any irrigation channels.

4. The statement showing the particulars of the amount of compensation to be paid for the land required for the road in question is also submitted.

5. The sum of Rs. 5,000, allotted for this road (Item No. 60 in Part I. of the Road Fund Budget of the current official year), being small, the Superintending Engineer requests that the same may be increased. I therefore request that a sum of Rs. 8,000 out of Rs. 16,593, the difference between the actual and expected balances* of District Road Fund at the beginning of this year, may be sanctioned in addition to the present allotment. This will leave Rs. 8,593 to be appropriated for works not completed in the past year.

	Rs.	
* Actual balance of District Road Fund at the beginning of 1871-72, as per Local Fund Statement No. 1... ...	1,10,793	
Expected balance at the beginning of 1871-72, as per Abstract Statement No. 1 in the budget	94,200	
		16,593

6. I request that early orders may be given.
