Dec. 23

*Proceedings of the Madras Government, Revenue Department,
21st June 1871.*

No. 259. Read the following Proceedings of the Board of Revenue, dated 15th May 1871:—

Read the following letter from the Collector of Salem, to the Acting Secretary to the Board of Revenue, dated Tripatore, 24th February 1871, No. 557.

I HAVE the honour to submit, for the sanction of the Board, an estimate, amounting to Rs. 9,620, accompanied by plans, survey, and specification, for constructing a bridge of one arch, 50 feet span, across the Chinnar river on the second mile of the road from Oosoor to Malloor.

2. This work is entered in my revised Local Fund Budget-estimate for 1871-72, Item No. 15.

THE estimate, amounting to Rs. 9,620, for constructing a bridge of one arch of 50 feet span across the Chinnar river on the second mile of the road from Oosoor to Malloor, is submitted for the sanction of Government, with reference to the Government Order, Revenue Department, dated 3rd March 1871, No. 5.

2. The work forms Item No. 15 in the current year's revised Road Fund Budget of the district, forwarded to Government with the Board's Proceedings dated 12th instant.

3. The bridge in question is all that is required to complete the road from Oosoor to the Malloor railway station, and the necessity for it is explained in paragraph 14 of the Acting Superintending Engineer's letter, recorded in the Government Order quoted above, an extract of which is subjoined:—

"The crossing of this river is always attended with inconvenience, and frequently with danger by laden bullock-bandies, as the steep descent to the river, on either side, causes the bullocks to go down with a rush, obliquely, on to the rough and narrow causeway formed on the rocky bed of the river, and if one wheel of the bandy gets off the causeway, which is by no means unlikely to be the case, the cart is certain to be upset."

No. 260. ORDER THEREON, 21st June 1871, No. 1,095.

Local Funds, No. 6.

Civil Works.

THE estimate is sanctioned. The Government trust that a work of such utility will receive the special consideration of the Local Fund Board in distributing the funds available for the current year.
