

*Proceedings of the Madras Government, Revenue Department,
21st June 1871.*

No. 261. Read the following endorsement of the Secretary to Government, Public Works Department, dated 7th June 1871 :—

Read the following letter from the Special Executive Engineer, Wynaad, to the Secretary to Government, Department Public Works, Madras, dated Vythery, 9th May 1871, No. 224.

I HAVE the honour to request transfer of funds as shown below. The ground on which this recommendation is made is in the fact that the road from Manantoddy to the Coorg frontier was made, in a great measure, to facilitate the import of grain from Coorg to Wynaad and to connect the former district with the through-road to the Nilgiris. For other purposes the road is but of limited utility, and further work on it is not at present of any urgency; inasmuch as nothing has been done on the Coorg side to construct the portion of the line which runs through that district beyond making out a trace, which was done some three or four years ago, and must now be quite overgrown. I am given to understand that the coffee-planters in Coorg are hostile to the carrying out of the scheme, on the grounds that it will lead to increase of price of grain in their part of the country and divert labour to Wynaad. The road on the Wynaad side is, with the exception of the permanent bridging and culverts, quite completed and in use by carts; I propose, therefore, only to retain Rs. 500 of this year's grant for building a culvert that is required, and which it would be an injudicious outlay of money to erect in a temporary manner, and request transfer of the remainder of the grant to other works which are really of very great emergency :—

<i>From—</i>	<i>To—</i>
Item No. 211.—New trace from rs.	Building bridges on road between rs.
Manantoddy to Coorg frontier. 5,000	Terriote and Manantoddy 3,800
	Rebuilding Dhoby Nullah bridge
	on road between Manantoddy
	and Bowally 700
	Total ... 4,500

TRANSFERRED to the Revenue Department, with a view to the funds granted for the new trace from Manantoddy to the Coorg frontier being redistributed in the manner suggested by Major Kennedy in the lists which, it is understood, are being prepared in that department for communication to Local Fund Boards.

(Signed) J. CARPENDALE, Colonel, R.E.,
Secretary to Government, P.W.D.

From

The Special Executive Engineer
Wynaad

To,

The Secretary to Government
Department Public Works
Madras

Sir,

I have the honor to request
transfer of funds as shown below. The
ground on which this recommendation
is made is in the fact that the Road
from Manantiddy to the Coorg frontier
was made in a great measure to
facilitate the import of grain from
Coorg to Wynaad, and to connect the
former District with the through Road
to the Nilgherries - for other purposes
the Road is but of limited utility, and
further work on it is not, at present
of any urgency; inasmuch as nothing
has been done on the Coorg side to
construct the portion of the line which
runs through that District, beyond
making out a track, which was done
some

some three or four years ago, and must now be quite overgrown. I am given to understand that the Coffee Planters in Gorg are hostile to the carrying out of the scheme on the grounds that it will lead to increase of price of grain in their part of the country, and divert labor to Wynaad. The Road on the Wynaad side is with the exception of the permanent Bridging, and ~~some~~ Culverts quite completed, and in use by carts. I propose therefore only to retain Rs 500. of this years grant for building a Culvert that is required, and which it would be an injudicious outlay of money to erect in a temporary manner, and request transfer of the remainder of the grant to other works which are really of very great emergency.
