

*Proceedings of the Madras Government, Revenue Department,
12th July 1871.*

No. 133. Read the following letter from the Secretary to the Govern-
India, Financial Department, to the Secretary to the
Madras, dated Fort William 21 June 1871, No. 2

As been shown in the Madras Monthly Trade Returns, from April 1870, separately and in the same form as they had been shown in the Returns for the corresponding months of previous years, instead of having been returned in a lump entry of "Piece Goods not otherwise described." In the Returns from the other Presidencies those kinds of Piece Goods have been shown separately, and it is necessary, for purposes of comparison, that the Madras Returns should be submitted in the same form. I am therefore to request that you will be good enough to cause this department to be furnished with a detailed statement of the quantities and value of the above-mentioned kinds of Cotton Piece Goods which were imported into the Madras Presidency in each month from April 1870 to April 1871. Similar details should be given in subsequent Returns.

2. The aggregate of the several monthly totals of the different kinds of Piece Goods, both in quantities and values, should correspond with the totals of the lump entry of "Piece Goods not otherwise described," as given in the Returns for the months which have already been submitted. These statements are herewith returned for guidance.

3. The revised statements now called for should be submitted with the least practicable delay. They might be furnished one by one as completed, so that the figures might be inserted in the progressive consolidated monthly Trade Statistics for India for the current year, as compared with similar statistics for 1869-70 and 1870-71.
