

*Proceedings of the Madras Government, Revenue Department,
17th July 1871.*

Read the following letters :—

No. 204. From the Resident in Travancore and Cochin, to the Acting Chief Secretary to Government, Fort Saint George, dated Trevandrum, 6th July 1871, No. 44.

In continuation of my letter No. 41 of the 3rd instant, I have the honour to forward copy of a communication from the Dewan of Cochin, No. 353, dated 30th May 1871, stating that that Sirkar "will be prepared to levy on Opium, imported or "exported by sea, a rate of duty not lower than that which the British Government "may impose on Opium imported into, or exported from, any port under the Madras "Presidency, and, if thought necessary, to prohibit altogether the export of the "drug from the Cochin ports," and requesting that no duty may be imposed on Opium imported by land from British territory, and that the Sirkar may be allowed to obtain the drug on the same terms as those on which the inhabitants of the Madras Presidency are enabled to get it.

No. 205. From the Resident in Travancore and Cochin, to the Acting Chief Secretary to Government, Fort Saint George, dated Trevandrum, 3rd July 1871, No. 41.

ADVERTING to the Proceedings of Government No. 658 of the 12th April last, I have the honour to forward copy of a communication from the Dewan of Travancore, No. 2,330, dated 27th ultimo, who intimates that Opium being a source of revenue in Travancore, it is desirable to obtain it as cheap as possible. Hence the Government of His Highness the Maharajah does not desire to levy Import-duty, but is prepared to levy Export-duty at any rate the British Government may decide upon.

No. 206. ORDER THEREON, 17th July 1871, No. 1,239.

Separate Revenue, No. 13.

Customs.

THE Resident here replies to paragraph 12, G. O., 12th April last, No. 658. He will inform the Dewans of both Governments that it was not intended

that any other duty should be levied by Travancore and Cochin on Opium than an Export-duty equivalent to that levied at British ports.

2. The Government of India has desired that this Export-duty shall stand at 600 Rs. per chest, a chest containing (2) two Indian Maunds. This amount therefore should be strictly levied on all Opium exported.

From Government of India, Financial Department, dated 8th June 1871, No. 978.

to that of the abkaree, and hence it is the obvious interest of this Government to obtain opium from outside these territories as cheap as possible

4 As regards Export of opium from these territories, this Government's interests will not be affected by levying any duty and we are quite willing to assimilate our Export duty to that which the British Indian Government may impose

5 I believe it is the Export duty that the British Government would be particular about as the means of preventing evasion of British revenues.

To
 J. A. Minchin, Esquire
 Acting British Resident of
 Travancore and Cochin
 Sir,

I have the honor to acknowledge the receipt of your letter of the 29th ultimo requesting information, with reference to the Proceedings of the Madras Government which accompanied it as to whether in case of the imposition of Customs Duty on import and export of Opium by land or sea into the Madras Presidency the Government of His Highness will have any objection to levy a rate of duty at least equally high within the limits of their States.

I beg to state in reply that this Sarkar will be prepared to levy on Opium, imported or exported by sea, a rate of duty not lower than that which the British Government may impose on Opium imported or exported from any Port under the Madras Presidency - and if thought necessary to prohibit altogether the export of the drug from the Cochin Ports.

All the Chowkies which this Sarkar had on its frontiers having been removed under the Inter-portal Arrangements made in 1866 they are not now in a position to levy a duty on Opium imported or exported by land, and the Establishment of a number

 To forward copy of a letter from the Government of Travancore that the Government of Madras does not desire to levy import duty on Opium but has proposed to levy a duty on export of Opium with the British Government may wish to know. S. A. No 1009-17 July 1871

4 By land neither Cochin nor Travancore can import any Opium except from British Territory, and their exports by land must also be into British Territory. I do not therefore think that there is any necessity for imposing a land import or export duty on Opium especially as the drug is sold at a high price by the Farmer of the Opium Monopoly in these States.

5 The greater part of the Opium consumed in this Country has been, for many years, imported by land from British Territory, without paying any duty to the British Government, and I trust I shall not be considered to be asking too much if I request, on behalf of the Cochin Sirkar, that no duty may now be imposed on such Opium, and that we may be allowed to obtain the drug on the same terms as those on which the inhabitants of the Madras Presidency are enabled to get it. I find moreover that the Board of Revenue do not recommend the imposition of an export duty on Opium, re-exported into this Country, and that they are of opinion that if the Cochin and Travancore States will consent to prohibit the exportation of the drug from their ports altogether, it would remove the necessity that now exists for "preventing its crossing their frontiers."
