

*Proceedings of the Madras Government, Revenue Department,
18th July 1871.*

No. 209. Read the following Proceedings of the Board of Revenue, dated 5th July 1871, No. 2,728:—

Read the following letter from the Officiating Collector of Tanjore, to the Acting Secretary to the Board of Revenue, dated Negapatam, 9th June 1871, No. 175.

With reference to paragraph 6 of the Board's Proceedings dated 12th May 1871, No. 1,968, I have the honour to state that the large wastage of salt in Fusly 1279 is due partly to the damage caused by heavy rains during the monsoon and partly to loss in transit by the boat-canal from Vedaraniem to Negapatam.

2. I beg to add that this explanation was given in the remark-column of the statement of the wastage of salt, No. 11, submitted with the Jummabundy Report of this district for the past fusly.

SUBMITTED to Government with reference to paragraph 23 of their Order of the 3rd April 1871, No. 618, Revenue Department.

2. The Board request that, under the explanation now afforded, Government will authorize the Board to write off the wastage which occurred in the Tanjore District in Fusly 1279, and which was at the rate of 5.78 per cent., or rather more than $\frac{3}{4}$ per cent. above the maximum usually allowed.

3. The amount to be written off is 7,297 Indian Maunds and 10 Seers.
