

No. 233. Read the following letter from the Secretary to the Government of India, Department of Agriculture, Revenue, and Commerce, (Agriculture and Horticulture,) to the Secretary to the Government of Madras, dated Simla, 8th July 1871, No. 54 :—

I AM directed to acknowledge the receipt of your letter No. 1,030, dated 10th ultimo, forwarding a set of periodical reports respecting the working of the Government Farm at Sydapet from its establishment in 1865 to the present date.

2. From these papers it appears that, under the able management of Mr. Robertson, the present Superintendent, the working of this farm has been most successful, and the Governor-General in Council is anxious that other administrations should reap the benefit of the experience gained in Madras. In order, however, that the information may be circulated in a convenient form, I am directed to request that the Government of India may be favoured with a succinct summary of the results of the experiments made by Mr. Robertson. That gentleman appears to be thoroughly fitted to undertake the duty, and I am to request that if His Excellency the Governor in Council thinks he can do so without interfering with his other work, he may be directed to draw up such a report as soon as practicable.

No. 234. ORDER THEREON, 19th July 1871, No. 1,253.

Miscellaneous.

Copy forwarded to the President,
Farm Committee.

(True Extract.)

(Signed) D. F. CARMICHAEL,
Acting Secretary to Government.

To the President of the Farm Committee.

Exd. F. R. Bantleman.

N^o 54.
From A. W. Hume Esqre C. B.
Secretary to the Govt of India
Department of Agriculture
Revenue and Commerce

To
The Secretary to the Government
of Madras
Simla the 8 July 1871

Sir
I am directed to acknowledge
the receipt of your letter N^o 1030 dated
10th ultimo, forwarding a set of periodical
reports respecting the working of the
Government Farm at Adaphet from
its establishment in 1865 to the present
date.

From these papers it appears
that under the able management
of Mr. Robertson, the present Superintend-
-ent, the working of this Farm has
been most successful, and the
Governor General in Council is anxious
that other administrations should reap
the benefit of the experience gained
in Madras. In order however that the
information may be circulated in a
convenient form, I am directed to re-
-quest that the Government of India
may be favored with a succinct Sum-
-mary of the results of the experiments
made by Mr. Robertson. That gentleman
appears to be thoroughly fitted to under-
-take the duty, and I am to request that
