Proceedings of the Madras Government, Revenue Department,

26th July 1871.

No. 333. Read the following letter from the Government Quinologist, to the Secretary to Government, Revenue Department, Fort Saint George, dated Ootacamund, 18th July 1871 :—

In order that I may carry out an extension of manufacture in October next, I have the honour to request sanction on the following points :—

2. It will be necessary, at the end of September next, to make certain alterations and small erections, together with some masons' and carpenters' work at the old Jail at Neddiwuttum. I request that I may have this work performed by the Public Works Department. I have already spoken to Captain Morant, the Executive Engineer, on this subject. The receipts of his bills will be my vouchers when I account for the expenditure. I now ask for the consent of Government to this arrangement, in order that I may receive it in time to begin work at the cessation of the south-west monsoon.

3. I have not this year received a clear intimation that my budget for the current year is wholly or partly sanctioned as was the case in former years. But I gather from G. O. No. 797 of 8th May 1871 that a sum of 5,400 Rs. is retrenched from the total grant for Cinchona expenditure. Of this, I have arranged with the Superintendent of the plantations to retrench (as my share) the sum of Rs. 2,300. In order that I may carry out manufacture as far as possible under these circumstances, I now request that I may expend all the savings I can effect under other items towards carrying out the necessary work at Neddiwuttum.

4. I also request that I may be permitted to order certain apparatus to be made in sheet copper from the Military Department, Bengal Government. When in Calcutta in March last I visited the works at the Government Dockyard, Kidderpore, and saw, from the means at disposal there, that work in copper was better, far more expeditious, and cheaper than I can procure it at Madras or Trichinopoly. I consequently made preliminary arrangements for getting some work done there, and also ascertained the official channel through which I should order it, after procuring the consent of the Madras Government, which I now have the honour to request.

No. 334. ORDER THEREON, 26th July 1871, No. 1,304.

Miscellaneous.

The Government authorize Mr. Broughton to carry out the necessary work at Neddiwuttum so far as he is

able from savings effected out of his reduced budget-grant.

2. He is authorized to obtain the copper apparatus from the Kidderpore Workshops as proposed, on the understanding that all costs must be met from the budget-grant.

(True Extract.)
