25th August 1871:—

Read the following letter from the Collector of the Godavery District, to the Secretary to the Board of Revenue, dated Cocanada, 15th August 1871, No. 286.

I HAVE the honour to state that the Acting Head Assistant Collector reports that a shock of an earthquake was felt at Chintalapudy and a few other villages thereabouts on the night of the 6th instant at about 8 o'clock P.M., and that it was followed by an inch of rain.

2. Translation of the Chintalapudy Deputy-Tahsildar's report, giving particulars of the above occurrence, is herein enclosed.

ENCLOSURE No. 1.

Translation of Report from the Deputy-Tahsildar of Chintalapudy, to the Head Assistant Collector of the Godavery District, dated Chintalapudy, 7th August 1871, No. 18.

I beg to report, for your honour's information, that about 8 o'clock yesterday night a noise, similar to that which might be caused by the run of a carriage drawn by a pair of horses over an iron bridge, was heard of from the western quarter; it then went on due east. When it approached, the ground, together with doors and roofs of houses, shook themselves, and a trembling seized the legs of the men standing. Persons that were sleeping and sitting were perplexed and got up. This motion of the earth lasted for about a minute. It has been reported up to this date that the earthquake extended over all the tract lying within about 10 miles of this village. I shall make inquiries as to what other tract the earthquake extended, and report the same. Three hours after this motion there was a rain-fall of 100 oz.
