

*Proceedings of the Madras Government, Revenue Department,
18th September 1871.*

No. 230. Read the following letter from the Under-Secretary to the Government of India, Department of Agriculture, Revenue, and Commerce, (Forests,) to the Secretary to the Government of Madras, dated Simla, 8th September 1871, No. 241:—

745. I AM directed to acknowledge the receipt of your letter No. 1,244, dated 13th July last, reporting the sanction given by the Government of Madras to an increase to the Forest Establishment of the Bhowany range, and to a new establishment for railway fuel plantations in Tanjore and Trichinopoly, amounting in all to Rs. 945 per mensem; and to request that, with the permission of His Excellency the Governor in Council, you will be good enough to furnish the Government of India with an exposition of the plan of operations proposed and the financial prospects of the measure; also with an explanation why existing agency cannot, by a redistribution, if necessary, be made to suffice.

2. I am also directed to observe that the Government of Madras has probably in this case overlooked the special ruling of the Financial Department, pointed out in paragraph 3 of Public Works Department, No. 413-F. of 4th August 1870, that revisions of establishments, involving a net increase of expenditure, can no longer be sanctioned by the local Government, but require, in the first instance, the sanction of the Government of India. I am to request the attention of the Government of Madras to this rule in future.
