ADVERTING to Board's Proceedings dated 28th July 1871, No. 3,167, communicating letter from the Secretary to the Government of India, stating that the rule regarding the compulsory retirement of Uncovenanted Servants of Government on their reaching the age of 55 years should not be worked so as to force efficient officers to retire prematurely from the service, thereby increasing unnecessarily the charge for pensions, I have the honour to request you will be so good as to state if public servants above 55 years of age should be required to produce Medical Certificate, even when they are considered by the heads of department as unfit for further service. This information is necessary before I can deal with those officials in the district above the proper limit of age in the manner required in the Notifications.
