Proceedings of the Madras Government, Revenue Department,
5th October 1871.

No. 62. *Dated 5th October* 1871, *No.* 1,746.

Miscellaneous.

THE attention of Government has been attracted to the necessity of providing special temporary agency of a superior class in those districts in which either from the paucity of Covenanted Assistants the administrative staff is now below the usual strength, or where the introduction of the Local Funds Act has for the time thrown on the district officers an amount of special work which cannot be performed as expeditiously as is necessary without serious hindrance to important current duties.

2. From the representations made this would appear to be especially the case in the Chingleput, Nellore, Salem, and Trichinopoly Districts, and the Government resolve to appoint to each of these districts an Acting Deputy-Collector for temporary employment until the state of the service shall allow of Assistant Collectors being appointed to fill existing vacancies, or until the work of forming School Unions under the Local Funds Act shall have been completed.

3. The resulting charge against the State will be less than would ordinarily be the case were the usual number of Assistant Collectors available for duty.

4. It will be open to the Board of Revenue to bring forward the case of any other district in which they deem similar temporary additional agency necessary for the due discharge of public duties.
