Proceedings of the Madras Government, Revenue Department,
6th October 1871.

No. 83. Read the following letter from J. BROUGHTON, Esq., Government Quinologist, to the Secretary to Government, Revenue Department, dated Ootacamund, 30th September 1871 :—

In G. O. No. 1,952 of 5th September, paragraph 5, I am directed to report what saving I expect to effect on my original budget-estimate this year.

2. I have the honour to state that I am now commencing to make arrangements for manufacturing at Neddivuttum this Autumn. Until this is completed I am unable to report, with any precision, on the savings I can effect, if any. I shall, however, on my original estimate effect a saving, equal to my share of the reduction ordered, of Rs. 5,040, which is Rs. 2,034.

3. In G. O. No. 1,304 of 26th July 1871 I am authorized to carry out works at Neddivuttum, as far as I am able, from the savings out of my reduced budget-grant. It is on this understanding that I propose to work.

No. 84. ORDER THEREON, 6th October 1871, No. 1,758.

Miscellaneous.

THE Government observe that, as a saving on the Cinchona plantation budget balance only out of Rs. 5,040, reduced by the Supreme Government on the whole grant for "Botanical and other gardens," needs to be saved out of the Quinologist's budget, or Rs. 277.

2. Mr. Broughton will plan his arrangements accordingly, but must understand that his *total* expenditure on all accounts must be less by this amount than his estimate as passed by this Government.
