MADRAS RECORD OFFICE.

Government of Madras.

DEPARTMENT.

G.O. No. 1822 Press Mis.

Dated 19. 10. 1871.

Not to be folded or roughly handled

Proceedings of the Madras Government, Revenue Department,

19*th October* 1871.

No. 207. Read the following letter from the Commissioner of the Nilgiris, to the Secretary to Government, Revenue Department, dated Ootacamund, 12th October 1871, No. 75 :—

With reference to Government Order No. 1,742 of the 4th October, I have the honour to forward a letter from Mr. McIvor bringing to notice that no provision was made in his budget for 1871-72 for the 2,540 Rs. for mossing 25,000 trees, and suggesting that a sum of 2,034 Rs., which the Government Quinologist proposed to relinquish from his budget-grant in pursuance of an Order from the Government of India, should be made available for the work.

2. In the Cinchona budget there is an item of 1,500 Rs. for collection of bark; this together with savings in other items of his budget such as—

Working charges	Rs.	13,895
Saderward and contingencies	„	1,163
Repair of buildings	„	1,000

must be made to suffice if the transfer from the Quinologist's budget cannot be effected.

Enclosure No. 1.

From W. G. McIVOR, Esq., Superintendent, Government Cinchona Plantations, to the Commissioner of the Nilgiris, dated Ootacamund, 7th October 1871, No. 88.

With reference to G. O. No. 1,742, under date 4th October 1871, sanctioning the expenditure out of the budget-grant of 2,540 Rs. on mossing 25,000 trees, I have the honour to inform you that no provision is made in my budget for this expenditure, nor is there any source from which the money can be procured. I will therefore feel obliged by your being so good as to bring to the notice of Government that this expenditure cannot be met from my Cinchona grant. There is a sum of 2,034 Rs. in the Quinologist's grant, which that officer proposed to relinquish in pursuance of the order of the Government of India, and as so great a reduction has been made in my estimates a portion of this sum may be available to meet the expenditure necessary for the mossing of the trees.

No. 208. Order thereon, 19th October 1871, No. 1,822.

Miscellaneous.

The Government will not object to the employment on the object in question of any savings available from the Quinologist's budget-grant after providing the small balance necessary to make up the reduction ordered by the Supreme Government in the Cinchona plantations and Quinologist's budget-estimates; but Mr. Broughton has already counted on the savings from his own grant for the expenditure proposed at Neddiwuttum factory, which must be first considered. The balance required for mossing will be provided by Government from general savings.

(True Extract.)

(Signed) W. HUDLESTON,
Secretary to Government.

To the Commissioner of the Nilgiri Hills.
„ the Government Quinologist.
„ the Accountant-General.

SUBJECT.

No. 1822 - 19 October 1871
Forwarding Submitting a letter from Mr. H. Ives. Stating that no provision was made in his Budget for 1871-72 for Rs 2540 Rs for measuring pointing out the source from which the expenditure must be met.

No. 1822 19 Oct/71

Submitted for the orders of Government on the objection raised by the Conservator of Forests to the provision of any savings available from the Budget grant after providing for the whole balance necessary to complete the execution of the original estimates - but the Conservator of Forests in his letter No. 1822 dated 19th October 1871 has already exercised on the savings from his own grant for the expenditure proposed. Whether the savings of the Conservator of Forests must be first considered

† I would add - The balance required will be provided by the savings from general savings.

J.D.

My D.O. No. 1822 dated 19th October 1871 to the address of the Secretary to Government, Revenue Department, Ootacamund.

It is very unfortunate that I should have omitted to make provision in the Budget for the measurement of the Chinchona Bark. The Budget has been in print for a considerable time, and it is now too late to alter it. I must therefore request that the charges of measurement may be met from the Budget grant for Chinchona cultivation.
