REFERRING to my letter No. 290, dated 9th ultimo, I have the honour to inform you that cattle-disease has again broken out in the village of Narayanapuram in the Nandial Talook.

2. On the first occasion 74 out of 500 cattle died of this disease. The disease reappeared on the 11th September and carried off 40 cattle, and 8 more are said to be in a precarious condition. Dr. Thacker's medicine was administered to 18 cattle, but none of them recovered. The people attribute the disease to the evil influence of a certain goddess, and were therefore unwilling to make any further trial of the medicine. The sick cattle are said to have been separated from the healthy cattle.
