*Proceedings of the Madras Government, Revenue Department,
21st October 1871.*

No. 227. Read the following Proceedings of the Board of Revenue, dated 16th October 1871 :—

Read the following letter from J. A. C. BOSWELL, Esq., Collector of the Kistna District, to the Acting Secretary to the Board of Revenue, Madras, dated Masulipatam, 20th September 1871, No. 2,925.

GOVERNMENT, in Government Order dated 5th January 1870, No. 7, Revenue Department, were pleased to accept my offer to complete the Manual of Nellore, which I had commenced when Acting Collector of that district. I have now the honour to submit the manuscript of the work. The delay which attended its completion has been unavoidable, as my absence from the district rendered many constant references necessary, and some of the papers, which I had been promised, have only just been received. I am glad to have been able to finish the work before my departure for England on a year's furlough. I send also a map to be published with the volume.

2. The work will require a carefully prepared Index, which can only be put in hand after the body of the work has been printed. The statistics have been brought up to date. It would therefore be desirable that the publication should not be delayed. Should Government wish me to undertake to supervise the printing the book in England, I shall be happy to do so; but it could be equally well and more expeditiously executed in Madras.

3. May I request to be favoured with twenty copies of the book when printed?

SUBMITTED for the orders of Government.

2. The Board think that the Manual (which is very voluminous) had better be printed in England, so that the proofs may be corrected and the Index prepared by Mr. Boswell himself before any attempt is made to review it.

3. Pending the orders of Government it will be kept in the Board's Office.

No. 228. ORDER THEREON, 21st October 1871, No. 1,832.

Miscellaneous.

THE Government sanction the printing of the work in England, and request Mr. Boswell to be good enough

to make the necessary arrangements on account of Government, and to see the work through the Press.

2. The Government are much indebted to Mr. Boswell for completing the work after leaving the district to which it refers.

(True Extract.)
