*Proceedings of the Madras Government, Revenue Department,
3rd February 1871.*

Read the following letters :—

No. 50. From the Collector of the Godavery District, to the Secretary to Government, Revenue Department, Fort Saint George, dated Cocanada, 6th January 1871, No. 1.

I HAVE the honour to enclose plan of a piece of ground now held as private property, but which is required for public purposes, namely, the construction of a new lock on the Narsapur main canal and subsidiary works. The owner of the land asks such an exorbitant price, upwards of 1,200 Rs. an acre, that it must, to protect the interests of Government, be acquired under the provisions of Act X. of 1870; and as the necessity for immediate possession is urgent, I request that, under Section 17, I may be authorized to take immediate possession of it.

No. 51. From the Collector of the Godavery District, to the Secretary to Government, Revenue Department, Fort Saint George, dated Kakraparru, Tanuku Taluq, 20th January 1871, No. 2.

WITH reference to your telegram of yesterday's date, I have the honour to forward, under Section 6 of Act X. of 1870, a Draft of Declaration regarding the acquisition of land required for building a new lock in the Narsapur canal with subsidiary works and buildings connected with the same.

2. The survey area of the entire field is 3 acres 43 cents., of which 1 acre 23 cents., have been occupied by the Public Works Department uninterruptedly for about sixteen years, and the remainder only, or 2 acres 20 cents., by Mr. Bowden for the last five years. The whole of this land is now required for the purpose mentioned above, and referred to in my letter to you, dated 6th instant, No. 1.

3. Though the whole extent of the field as contained in the accounts was at first entered in Mr. Bowden's Puttah, he has never had possession of more than he now holds, or 2 acres 20 cents.

4. For three years he paid the assessment for the whole field, but for the last two he has paid only for what he actually holds. However, that Government may acquire an indisputable title to the land, I presume the whole area of the field should be entered in the Notification.

5. Besides the plan forwarded to you, the field is entered in the survey of the village by the Revenue Survey Department, and, therefore, can be seen at the village as well as at my office.

No. 52. ORDER THEREON, 3rd February 1871, No. 231.
