*Proceedings of the Madras Government, Revenue Department,  
10th February 1871.*

No. 128. Read the following letter from the Surveyor-General of India, to the Secretary to the Government of Madras, dated Calcutta, 23rd January 1871, No. 145:—

APPLICATION having been made to the India Office for certain lithographed Maps, filed in a catalogue recently printed in England, which are not to be found in this Office, and which were despatched from the Right Honourable the Secretary of State for India, to the address of His Excellency the Right Honourable the Governor-General in Council, dated London, 8th December 1870, that application should be made to the Madras Government for a "Map of the Khoondah Mountains," by the late Lieut.-Colonel Ouchterlony, published at Madras on the scale of 1,000 feet = 1 inch, and of which only a very limited number of copies are said now to exist at the India Office.

2. I have the honour to request, therefore, that His Excellency the Right Honourable the Governor of Madras will be pleased to order the despatch of six copies, or as many as may be available, of the Map in question, the exact title of which is as per margin, to my Office in Calcutta.

3. This large scale Map of the Neilgherries has never been furnished to this department, and as its absence from the records of the only real dépôt of geographical materials in India has given rise to much inconvenience, I trust that I may be favoured with a copy or copies at the earliest possible moment. I shall be glad also of any complete reduction of the same Map.

4. I would further beg respectfully to urge on the attention of the Madras Government the great importance of this department being supplied with copies of all Maps of any portions of the Madras Presidency as soon as printed; and I trust that definite instructions to this effect may be issued to the proper authority.

No. 129. ORDER THEREON, 10th February 1871, No. 263.

Miscellaneous.

COMMUNICATED to the Collector of Coimbatore with the request that he will despatch to the Surveyor-General of India, Calcutta, six copies of the Map of the Khoondah Mountains, of which 150 copies were sent to him for sale in 1868.

2. Six copies of the Map of the Neilgherries will be forwarded from this department to Colonel Thullier.

3. With reference to paragraph 4 of the foregoing letter, the Superintendent of Revenue Survey will be requested to supply the Surveyor-General's department with copies of all Maps that may be printed from time to time.
