Proceedings of the Madras Government, Revenue Department,
21st February 1871.

No. 250. Read the following endorsement of the Secretary to Government, Public Works Department, dated 30th January 1871 :—

Read the following letter from the Acting Superintending Engineer, 7th Division, to the Secretary to Government, Public Works Department, dated Moodbidry, 20th January 1871, No. 216.

With reference to G. O., No. 2,399, dated 5th October 1870, I have the honour to submit a plan and estimate for the construction of an office and two Salt Gollahs at Cannanore.

1 Plan.
1 Estimate, No. 20, Rs. 20,100.

2. Pisé walls are not adapted to a climate like that of the Western Coast. I am also of opinion that such walls in any locality would soon be destroyed by the pressure of the Salt heaps against them.

Transferred to the Revenue Department, with reference to the Orders in that department, dated 7th September 1870, No. 1,405.

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government, P. W. D.

No. 251. Order thereon, 21st February 1871, No. 328.

Separate Revenue, No. 15.
Salt.

The Government are not disposed to pass the present estimate without further information regarding the less expensive form of construction suggested by them in G. O., No. 1,405, dated the 7th September 1870. The Superintending Engineer of the 7th Division will submit, through the Department Public Works, a second estimate for a building of pisé work, strengthened where necessary with timber or laterite pillars and thatched.

2. The Government have reason to believe that Salt Kotars of this description have been for some years in use near Coompta in North Canara and elsewhere throughout the Canara District, and have answered well. The Superintending Engineer can doubtless ascertain the point, and whether such buildings are still approved there.

(True Extract.)

No. 328.

PROCEEDINGS of the MADRAS GOVERNMENT.

Under date the 21st February 1871.

Read the following letter from the Supt. Engr. 7th Division

Forwarding for sanction an Estimate and plans for constructing an Office and 2 Salt Gollahs at Cannanore.	H.E. 20th January 1871 No. 216.

The Government are not disposed to pass the present Estimate without further information regarding the less expensive form of construction suggested by them in G.O. No. 1405 dated the 7th September 1870. The Supt. Engr. of the 7th Division will submit through the Supt. Pub. Works, a second Estimate for

for a building of pisé-
work strengthened where
necessary with timber or
laterite pillars and thatch-
ed.

2 The Government
have reason to believe that
salt kolars of this descrip-
tion — have been for
some years in use near
Canipta in ~~the~~ the
Canara ~~district~~ and have
answered well. The Sup.t
Engr. can visit these ascer-
tain the point, and whether
such buildings are still
appended there.
