*Proceedings of the Madras Government, Revenue Department,
24th March 1871.*

Read the following papers:—

No. 384. From the Collector of the Godavery District, to the Secretary to Government, Revenue Department, Fort Saint George, dated Bhimavaram 6th February 1871, No. 5.

I HAVE the honour to refer to the not. GO. 10000, proceeding part of Dr. Miller, the Civil Surgeon of Cocanada, in which it appears to me he has acted in an unauthorized manner, and regarding which I beg to be favoured with instructions for my future guidance.

2. On the 16th January I started on my annual Jamabandi tour, having given to the Dresser attached to my department leave to remain behind for a few days, as his wife was, at the time of my departure, dangerously ill of small-pox.

3. After he had been absent for about ten days, I sent him a peremptory order to join my camp at once, wondering at his continued absence. In reply, he informed me that he had been ordered by Dr. Miller to remain and do duty at the Civil Dispensary at Cocanada, in lieu of the Dresser attached to that Institution, who was sick. Dr. Miller also sent me a demi-official, of which I have the honour to forward a copy, telling me he had acted in this manner. I wrote at once, in

* Copy forwarded. reply*, to him, stating that I considered he had acted in an unauthorized manner.

I have no doubt that he could quite well have provided for the temporary wants of the Civil Dispensary with the aid of a pensioned Apothecary, a Mr. Heiden, who has set up as a private practitioner at Cocanada. I beg that Government will decide and inform me whether Dr. Miller had the right to detain, without informing me of his intention in the first place, the Dresser attached by Government to my department to travel with it while on circuit. The Dresser has not yet joined my camp.

REFERRED to the Inspector-General, Indian Medical Department, for his remarks.

(Signed) W. HUDLESTON,
18th February 1871. Secretary to Government.

No. 385. From the Inspector-General, Indian Medical Department, to the Secretary to Government, Revenue Department, Fort Saint George, dated 23rd February 1871, No. 54.

I HAVE the honour, with reference to your docket memorandum of the 18th instant, forwarding the letter marginally noted, to state that Dr. Miller has acted in direct opposition to departmental orders in retaining the Collector's Hospital Assistant to do duty in the Civil Dispensary without that officer's permission.

2. Dr. Miller was warned by the Deputy-Inspector-General of the division that his conduct in the matter was irregular, but in extenuation I may mention,

*Proceedings of the Madras Government, Revenue Department,
24th March 1871.*

that he was himself at the time very ill, and may thus have been induced to adopt the course he did, in case the station should be left without any medical aid. It has since been found necessary, on account of Dr. Miller's state of health, to send another Medical Officer to carry on the duties of the appointment.

No. 386.

ORDER THEREON, 23rd March 1871, No. 544.

Miscellaneous.

THE Inspector-General's letter will be communicated to the Collector, Godavery District.

2. In consideration of Dr. Miller's state of health, and as he has been warned by the Deputy-Inspector-General, the Government desire it unnecessary to take further notice of his breach of rule on this occasion, but they look to the Inspector-General to prevent the recurrence of any such disregard of orders on this point in future.

(True Extract.)

(Signed)

W. HUDLESTON,

Secretary to Government.

Revenue Department.
