*Proceedings of the Madras Government, Revenue Department,
10th January 1871.*

No. 115. Read the following letter from the Officiating Commissioner of the Neilgherries, to the Secretary to Government, Revenue Department, Madras, dated Ootacamund, 12th December 1870, No. 61:—

I HAVE the honour to forward, for the information of Government, copy of a letter from Mr. McIvor on the condition of the Cinchona plants received per *Surat*.

ENCLOSURE No. 1.

From the Superintendent Government Cinchona Plantations, to the Officiating Commissioner, Ootacamund, dated Ootacamund, 7th December 1870, No. 156.

I HAVE the honour to request you will be so good as to bring to the notice of Government that the two cases of Cinchona plants of the Pitayo variety, recently forwarded by the Secretary of State, in charge of Dr. Simpson, arrived here at 10 P.M. last night.

2. The cases were opened this morning and found to contain fifty plants each, or one hundred in all. Of this number, six plants were quite dead, and I regret to say all have suffered considerably during the voyage.

3. I learn from Dr. Simpson that the damage done was caused by the steamer "suddenly entering the outer edge of a severe cyclone."

4. The cases appear to have been very well packed at Kew, and should the plants be found to have escaped the salt-water, no doubt we will be successful in saving most of them.

No. 116. ORDER THEREON, 10th January 1871, No. 57.

Miscellaneous.

ORDERED to be forwarded to the Secretary of State.

(True Extract.)

(Signed) W. HUDLESTON,
Secretary to Government.

To the Commissioner of the Neilgherry Hills.

Erd. F. R. Bantleman.

during the voyage.

Government Gardens

Oatamund 7th December/

From

W. G. Mc Ivor Esquire
Supt. Govt Cinchona Plant.

To

R. Davidson Esquire
Offg. Commissioner
Oatamund.

Sir;

I have the honor to request
you will be so good as to bring to the
Notice of Government that the two cases
of Cinchona plants of the Pitago
variety recently forwarded by the Secretary
of State in Charge of Dr. Simpson, -
arrived here at 10. P. M. last night.

The cases were opened this
morning and found to contain 50 plants
each or 100 in all. Of this number, 6
plants were quite dead and I regret to
say all have suffered considerably
during the voyage.

Dated January 10th.

Recd.

G. O., 10th January 1871, No. 57.

JANUARY.

Nos. 115-116.

Cinchona plants of the Pitago variety.
Report on the condition of those received per
Sarat, ordered to be forwarded to the Secretary
of State.

I learn from Dr. Simpson that the damage done was caused by the steamer "suddenly entering the outer edge of a severe cyclone".

The cases appear to have been very well packed at Kew, and should the plants be found to have escaped the salt water, no doubt we will be successful in saving most of them.
