*Proceedings of the Madras Government, Revenue Department,
5th April 1871.*

No. 84. Read the following letter from the Commissioner of the Neilgherries, to the Secretary to Government, Revenue Department, Fort Saint George, dated 31st March 1871, No. 27 :—

With reference to paragraph 3 of my letter to you, dated 15th February 1871, No. 12, forwarding the Cinchona Superintendent's report for the half-year ending 31st January 1871, I have the honour to forward a further report from Mr. McIvor in regard to the propagation of the varieties of Calisayas therein referred to.

ENCLOSURE No. 1.

From W. G. McIVOR, Esq., Superintendent Government Cinchona Plantations, to the Commissioner of the Neilgherries, dated Ootacamund, 25th March 1871, No. 300.

With reference to your letter, No. 16, of the 21st instant, I have the honour to inform you that the varieties of *C. Calisaya* we are propagating are new and valuable sorts; the propagation of these were continued, as I did not view the Orders of Government in the light you place them, namely, "that our operations are to be strictly limited to the propagation and planting of such new varieties as may from time to time be discovered by way of experiment. No such variety to be propagated to a further extent than will be sufficient to plant out about five acres."

2. As you correctly observe we have more Calisaya than are necessary for planting the extent abovementioned, I have, therefore, given orders to stop the propagation, but will, of course, attend to all such cuttings previously put into the ground. In future, I shall stop the propagation of all new varieties so soon as I have sufficient stock to plant the prescribed extent of land.

No. 85.

ORDER THEREON, 5th April 1871, No. 645.

Miscellaneous.

ORDERED to be recorded.

(True Extract.)

(Signed) CHAS. MACLEAN,
Acting Under-Secretary to Government.

To the Commissioner of the Neilgherries.

Potacumund

Sir

With reference to your letter of the 21st Instant, I have the honor to inform you that the varieties of *Le. localisaya* we are propagating are new and valuable sorts, the propagation of these were continued as I did not view the orders of Government in the light you place them, viz "that our operations are to be strictly limited to the propagation and planting of such new varieties as may from time to time be discovered by way of experiment. No such variety to be propagated to a further extent than will be sufficient to plant out about 5 acres."

As you correctly observe we have more *Le. localisaya* than are necessary for planting the extent above mentioned, I have therefore given orders to stop the propagation, but will of course attend to all such cuttings previously put into the ground. In future I shall stop the propagation of all new varieties so far as I have sufficient stock to plant the prescribed extent of land.

I have the honor to be
