RESOLUTION.—The Governor-General in Council confirms the sanction of the Government of Madras, with the remark that the charge on account of the second of the two establishments specified above is, under Financial Resolution of 10th October 1867, debitable to the Public Works allotment.

ORDER.—Ordered that a copy of this Resolution be sent to the Home and Public Works Departments and to the Accountant-General, Madras.

Asst. Secy. to the Govt. of India.

2. The remark of the Government of India that the cost of the establishment for the Sub-Magistrate of the Nuzid Division (Kistna District) is, under their Financial Resolution of 10th October 1867, No. 2,969, debitable to the Public Works allotment, is apparently incorrect. That Resolution would appear to refer exclusively to charges for the maintenance and conservancy of irrigation works, while the establishment now in question is of a totally different character, and is employed on purely revenue duties, viz., the collection of water-rate on Zemin-dari and Inam lands irrigated by the anicut channels.

communicated with the endorsement of

the Home Department of 31st idem, No. 175, the Government of India, in con-

Resolution of 10 Oct.

the Resolution of 10

*Proceedings of the Madras Government, Revenue Department,
28th April 1871.*

No. 319. Read the following letter from the Under-Secretary to the Government of India, Financial Department, to the Secretary to the Government of Fort Saint George, dated Fort William, 31st March 1871, No. 1,922:—

I AM directed to forward a copy of the correspondence noted in the margin, and, with reference thereto, to inquire whether any steps are taken to prevent the importation of Opium from the Hyderabad territory into the Presidency of Madras; and if not, what course His Excellency in Council would suggest to prevent it.

Letter to Secretary to Government, Bombay, No. 4,383, dated 21st October 1870.
Do. from do., No. 5,372, dated 2nd November 1870.
Do. to Chief Commissioner, Central Provinces, No. 4,382, dated 21st October 1870.
Do. from do., No. 348-9, dated 21st February 1870.

ENCLOSURE No. 1.

From the Under-Secretary to the Government of India, Financial Department, to the Secretary to the Government of Bombay, dated Simla, 21st October 1870, No. 4,383.

I AM directed to inquire whether there exists in Bombay any means of preventing Opium from getting out of the Berars, where it is untaxed, into British territory; and if not, what course His Excellency the Governor in Council would suggest to prevent it.

ENCLOSURE No. 2.

From the Acting Chief Secretary to the Government of Bombay, Revenue Department, to the Officiating Secretary to the Government of India, Financial Department, dated Bombay Castle, 2nd November 1870, No. 5,372.

WITH reference to Mr. Officiating Under-Secretary Westland's letter, No. 4,383, dated 21st ultimo, I am directed to state, for the information of the Government of India, that Opium is imported into Bombay only from Malwa and Guzerat, and that importation from the Berars is unknown. The Customs Department at this Presidency has no means for preventing Opium being smuggled into British territory, but as there is a large Preventive Frontier Establishment round the Berars under the control of the Inland Customs Commissioner, it is presumed that the duty of checking illegal importations rests with that department.

2. The question mooted in Mr. Under-Secretary Westland's letter, under acknowledgment, is one which apparently has reference more to the importation of Opium from the Berars into the Madras Presidency than into this, and can therefore, it is presumed, be alone satisfactorily disposed of by the Commissioner of Inland Customs.

ENCLOSURE No. 3.

From the Under-Secretary to the Government of India, Financial Department, to the Chief Commissioner of Central Provinces, dated Simla, 21st October 1870, No. 4,382.

REFERRING to your Secretary's letter, No. 2,602-269, of 8th October 1870, I am directed to inquire what quantity of Betul Opium has been allowed to go into the Berars, and whether there exists in the Central Provinces any means of preventing such Opium from getting out of the Berars into British territory; and if not, what course you would suggest to prevent it.
