

Proceedings of the Madras Government, Revenue Department,

23rd October 1871.

No. 231. Read the following Proceedings of the Board of Revenue, dated 20th October 1871 :—

Read the following letter from the Collector of Kurnool, to the Secretary to the Board of Revenue, dated Kurnool, 6th October 1871, No. 326.

THE Deputy-Collector of Pyapalli reports the existence of cattle-disease in the villages of Cherlapalli, Annavaram, and Kotala, in the Koilkuntla Talook.

2. The disease appears to have been most virulent in Cherlapalli, where seventy-seven per cent. of the cattle attacked died. Dr. Thacker's medicine was administered, but without much effect. In the other villages the result is not yet known.

3. The Deputy-Collector visited Annavaram and personally ascertained that the sick cattle were segregated from the healthy cattle. He also reports that a similar course was adopted in Cherlapalli with some success.

4. The subjoined statement shows the number of cattle that have died from the disease between the months of August and September :—

Villages.	Date of Attack.	No. of Cattle in the Village.	Number attacked.	Number died.	Number recovered.	Number still Sick.
Cherlapalli...	8th Aug.	1,314	195	151	23	21
Annavaram ...	15th "	314	96	53	36	7
Chinna Kotalu hamlet } of Netchenamettu }	6th Sept.	145	19	3	2	14

SUBMITTED for the information of Government.

No. 232. ORDER THEREON, 23rd October 1871, No. 1,834.

Miscellaneous.

ORDERED to be recorded.

(True Extract.)

Revenue Department.
Proceedings of the Board of Revenue.
Dated 20th October 1871.
Read the following
No. 326.

From J. H. N. Chace Esq.
Collector of Hurmool.

To The Secretary of the Board of Revenue,
Madras.

Sir,
The Deputy Collector of Popalli reports the existence of Cattle disease in the Villages of Cherlapalli, Annavarani, and Kotla, in the Koilkumbha Taluk.

2. The disease appears to have been most virulent in Cherlapalli, where 77 per cent of the Cattle attacked died. Dr. Shacker's medicine was administered, but without much effect. In the other Villages, the result is not yet known.

3. The Deputy Collector visited Annavarani and personally ascertained that the sick Cattle were segregated from the healthy Cattle.
His

He also reports that a similar case was adopted in Cherlapalli with some success.

4. The subjoined statement shows the number of Cattle that have died from the disease between the months of August and September.
