No. 1488

From

Acting Secretary to the Board
of Revenue
Madras

Sir, Luthi Mison, an inhabitant
of Amiri island, and the owner
of the Lundra (vessel) which was
totally wrecked near the Baliapane
Reef during the storm which occur-
-ed on this coast in the month of
April last, as reported to the Board
in my letter of 5th June 1871, No. 747,
(G. O. 13th idem No. 1048 R.D.) has
addressed a Petition to me praying
for an advance of Rs. 200 to enable
him to construct a new boat. The
application is supported by the

Mungar

Monegar of Aminidivi who states that although the man owns a garden containing 800 Coconut trees, he is possessed of no ready money, and is in need of the pecuniary assistance he solicits.

In a subsequent report the Monegar states that the man has since succeeded in recovering half of the materials of his wrecked vessel, and that therefore the whole of the advance formerly recommended is not required.

I can find no recent precedent for similar advances having been made to the islanders; but in 1847, when W. William Robinson visited the islands, Government upon his recommendation sanctioned an advance of Rs. 500 to be made to the inhabitants of Ileadamat island to enable them to construct two shore-going boats, the advance being made repayable by instalments to be determined by the collector.

There is no doubt that Ileadati Misa has suffered heavy loss by the wreck of his vessel and its cargo which consisted of about 200 muddahs of rice, some mounds of salt

salt and other articles, and the possession of a boat being the chief means of conveying the produce of the islands to the coast and the necessary provisions back to the islands, I beg to submit his case for the favorable consideration of the Board, with a recommendation that he be allowed an advance of Rs. 100 recoverable in three equal annual instalments.
