101 Revenue Department
Miscellaneous No. 3494

Proceedings of the Board of Revenue
dated 15th May 1872.

No. 1230 Read the following

From, G. D. Leman Esqre
Asst. Collector of the Kistna District

To, J. Wyse Esqre
Secretary to the Board of Revenue
Madras

Sir,

I have the honor to submit
a claim of the Noka ssadar of Muddi-
putta Village in Davaracotta Zemin-dary
for the exemption of water tax on cer-
tain usual wet land in that Village.

2. The case of Muddiputta Village
was not reported when the Board sanc-
tioned exemption of water tax on acres 274.57
of usual wet lands in Davaracotta h
Zemin-dary.

3. Subsequent to the Permanent
settlement, one of the Zemindars of Deva-
rakota Pargana granted this Village as a
Noka ssar

x Board's Pro. No. 4433
dated 15th July 1867

Mokass to the ancestors of the present zemindar of Cruttivenna Samut on an annual fixed Bering of Rs 475-4-0; it was never subdivided, but the Mokassadar pays the rent to the zemindar. There is an irrigation tank constructed at the expense of the former zemindars.

4. The Mokassadar has produced to me the Village Dowle accounts from F 1248 to 1253. I have carefully examined them and find the wet area of the Tank is acres 102; of which acres 76-50 were yearly cultivated during the above period.

5. From Fushy 1254 up to Fushy 1278 there was no wet cultivation as the tank was ruined.

6. In Fushy 1279 the supply channel of the tank was repaired, and the Officers of the Department Public Works supplied ancient water to the tank. 70 acres of land were irrigated, and the Mokassadar was charged with water rate of Rs 279-10-3 on

on the ground that the land was newly converted from dry into wet.

7. The Mokassadar states that the above is the usual wet land under the tank, and claims the refund of water tax collected from him.

8. There are no accounts with the Mokassadar for the years prior to Fushy 1248.

9. The average wet cultivation of byars previous to the construction of the anicut, being acres 76, I have allowed

the same to the Mokassadar, as usual wet, to which anicut water ought to be gratuitously supplied.

10. I request the sanction of the Board to refund to the Mo-

kassadar Rs 279-10-3 erroneously charged in Fushy 1279 on acres 70 which formed part of the usual wet land.

I have
